

MaRu A. Lara 68 years Old

Surgery Date: 10-18-2006

Severe Stenosis

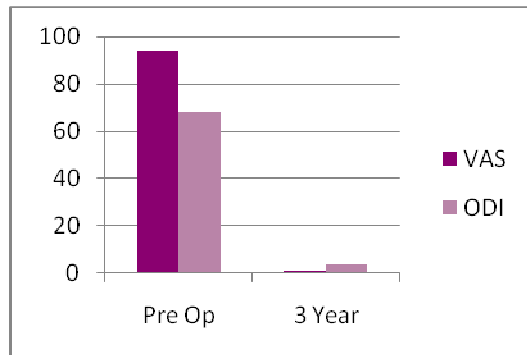

Radiculopathy

“My pain was so bad for over a year it almost ruined my life.”

Coflex Interspinous Stabilizaion Device at L2-3

“This was 3 years ago and I am back to normal. I mow my yard, clean my truck and car, move furniture, trim all the trees in my yard. Yes, I am woman hear me roarrrrr.”

MaRu is now 3 years post-op and feels 95% normal. She says the Coflex is the best device she could have ever hoped for. She is back to her normal activities: shopping, climbing trees, walking and bending.
